SLACKER LIST HAS SIXTY-SEVEN NAMES

37 Here and 29 From Arlington County and One Outside

SMALL FOR THIS CITY

No Way of Telling Color of Slackers—Many of Draft Evaders Were Only Temporary Residents of City.

The slacker list for this city and Arlington county released for publication today contains a total of exactly sixty-seven names. The government authorities apparently are in doubt regarding some of the names contained therein that is so far as their correctness is concerned for in some instances two and three ways of spelling certain of the names are contained on the list which is published on yellow paper.

Out of the total sixty-seven registered slackers thirty-seven gave Alexandria city as their addresses and twenty-nine gave Arlington county as their addresses, and one gave his address in another city besides the city and county, evidentially being temporarily employed here.

The list containing the slackers comes from Headquarters, third corps area, Fort Howard, Md., and is signed "H. F. Hodges, brigadier general, U. S. A., Commanding."

The foregoing number of slackers sixty-seven, is regarded as very small considering the heavy registration for this city and Arlington county and speaks well for this place in comparison to other places with a like population. It is believed by the authorities here that several of those whose names appear on the list moved away from Alexandria before they were called for service. The addresses of some are given as the river bank, railroad yards here and in Arlington county and some in camp cars, and some living on the river bnak.

Heading the list is the following:

The men whose names appear below, and who were under the jurisdiction of the local board named, were, according to the public draft record, classified and reported by the draft authorities as deserters from the military service of the United States. Actual expense not to exceed $50, to include reimbursement for the amount actually expended, but not to include allowance for services, will be paid to any civil officer or other citizen for the apprehension and delivery to military control of any one of them. If any one of them is apprehended, he should be delivered at, and reimbursement for the actual expenses incurred by the arresting officer should be claimed at the nearest Army post, camp, or station.

The law (106th Article of War) provides that: "It shall be lawful for any civil officer having authority under the laws of the United States, or of any State, Territory, District, or possession of the United States, Territory, District, or possession of the United States, to arrest offenders, summarily to arrest a deserter from the military service of the United States and deliver him into the custody of the military authorities of the United States."

Barks At Police

Dog Always Quiet Tills He Sees Bluecoat

There is a dog in the upper end of the city that never molests anyone but simply barks his head almost off when he sees a policeman. Testimony to this effect was adduced in the police court this morning when the owner, a woman, was cited because it was claimed the canine was running at large. Policeman Miller had her cited. Policeman Cline testified that the dog attacked him and he threw his night stick at the animal. A young man, who lives nearby, the officer testified endeavored to reprimand him for his act. The young man also was called to account for his nasty words. The owner of the dog was acquitted and the young man was fined $10. The latter noted an appeal.

State News

Richmond, July 21.—Richmond will put the two platoon system for its firemen into effect September 1, it was announced today by Director of Public Safety William M. Myers. At present the city firemen are on duty 48 hours and off 24.

Richmond, July 21.—Another claim, of one of $29,153, has been filed against the Dixie Markets, the owner of which has disappeared leaving a trail of debts amounting into the thousands of dollars and receivership. Receiver Heath J. Rawley is daily receiving other claims of creditors of the defunct firm. When the Piggly Wiggly markets opened up minus a line of fresh meats, the Dixie Markets were started and established next door to the Piggly Wiggly wherever possible in order to get the fresh meat trade.

Richmond, July 21.—Net earnings of the Chesapeake and Potomac Telephone Company of Virginia during the first five months of 1921 was 5.52 per cent of the value of the plant, according to a statement issued today. Earnings in May were $23,486, April $19,475, and March $21,891.

Richmond, July 21.—The present strike of job printers in Richmond is the only strike or labor trouble in Virginia at the present time, according to a statement today by John Hirschberg, State Labor Commissioner. The bricklayers strike in Richmond earlier in the year over adjustment of wages has been amicably settled.

Richmond, July 21.—Westmoreland Davis, Governor of Virginia, has formally announced his candidacy for the United States Senate, subject to the Democratic primaries next summer, through signed letters to a number of his political friends, it became known today. Although it has been known for sometime that Governor Davis would oppose Senator Swanson, the present incumbent, this is the first official announcement to that effect. Many take the present gubernatorial race which ends August 2 as but the preliminary to the fight for the Senatorship next summer. Governor Davis is lined up with Harry St. George Tucker and Senator Swanson with E. Lee Trinkle. A victory for Mr. Tucker next month will and great impetus to Governor Davis' Senatorial boom, it is said. Governor Davis, in his announcement, declares he stands on his record as Governor of Virginia and promises to bring the scientific application of successful business legitimately conducted to the solution of governmental problems, and further declares that economy and efficiency of administration is absolutely necessary to relieve the people of excessive taxation and to restore and promote happiness and prosperity. He calls attention, in his letter, to the fact that he has been for many years a farmer and also a student of economics and that his record as Governor of Virginia he hopes will prove a satisfying pledge of his devotion to the public service.

J. Q. Nolan.

REID PEKINGESE PUP BEFORE SUPREME COURT.

New York, July 21.—The Supreme Court today ordered a board of arbitration picked to settle the destiny of a Pekingese pup.

When Daniel G. Reid, tinplate magnate, and his former wife, Margaret, parted, they agreed that any disputes arising regarding division of their belongings should be settled by arbitration. Last week Mr. Reid, denied possession of the pup, made a formal motion that Mrs. Reid be compelled to live up to their agreement. Today Justice McCook granted the motion.

COLUMBIAN PLAYERS SCORE A SUCCESS

Musical Comedy "All Aboard" Presented Last Night

CROWDED HOUSE

Popular Chorus Selections Given—Wealth of Pretty Scenery Used—Performance Again Tonight

"An exceptionally clever show, cleverly conceived and cleverly executed" is the statement that may well characterize the success of "All Aboard" by the Columbian Players at the Lyceum Hall last evening. From the rise of the curtain to the very end there was a ceaseless reign of genuine fun, and the costumes and scenieries were judged especially attractive. Opening with "The Garden Scene Just Outside Merryville" the story of the musical comedy hinged upon a contemplated trip around the world as guests of Mr. Rosembum and Mr. Sause and before the tour was terminated the members of the party were seen enjoying the delights of the ocean liner, S. S. Oranato; the palms of Honolulu; and the boardwalk frivolities of gay Atlantic City.

The vocal and chorus selections were particularly popular, and the following popullar pieces formed the evenings program: "Some Party," by the Columbian Chorus; "The First Rose of Summer," by Miss Magdalene Conlon; "Tunes You Cannot Forget," by the Columbian Chorus; "Spanish Maid," by Hocco Verri; "Ohio," the Columbian Chorus; "Some time, Someplace, Somehow," by Miss Ruby Davis; "Deep in Your Eyes" Miss Eleanor Nugent; "Sweetheart," Miss Ruby Davis; "Down in Burneto" by Norris Rolland and Carl Rochmund; "The Travelling Choo Choo Blues," Joseph Ross; "Moonlight" Columbian Chorus; "Somebody Knows," Miss Magdalene Conlon; "Down the Trail to Home Sweet Home," Miss Ruby Davis and Rocco Verri; "Peggy O'Neil," Miss Mary Cain; "Now I Lay Me Down to Sleep" Robert Whitestone; "Violin and Guitar Solos," by the Jaeger Brothers; "The Sunshine of Your Smile," Rocco Verri; Hawaiian Specialty Dance, by Anthony Conlon; "Room 202" by Norris Rolland and Columbian Chorus; "Underneath Hawaiian Skies," Columbian Chorus; "Oh! Pal, Why Don't You Answer Me," Miss Eleanor Nugent; "Do You Ever Think of Me," Miss Ruby Davis.

The orchestra was directed by George Jaeger assisted by Miss Camille Delane and J. Egan. The stage personnel included Messrs. Joseph Lash, Wm. Faulkner and J. Bagley.

The show will be repeated again tonight, and it is expected that an overflow crowd will be in attendance.

MILLIONAIRE WINS SUIT WITH WIFE OVER PUP.

New York, July 21.—Daniel G. Reid, multi-millionaire tinplate and railroad magnate, today won his legal battle in the Supreme Court to compel his former wife, Mrs. Margaret Carrere Reid, to submit to arbitration the dispute over which one shall have a tiny Pekingese pup and a valuable oil portrait of King George I of England.

The disagreement arose during the division between the divorced couple of the furnishings, pictures and other contents of the Reid mansion of Fifth avenue, valued at $500,000.

WILL VOTE ON CITY MANAGER OCT. 4

Special Election Ordered for New Form of City Government

ORDER IS ENTERED

Provides For Five Councilmen at Large to be Chosen Next June—Effective 1922.

A special election to determine whether or not the freeholders of this city desire a change in the city form of government to that of the city manager plan will be held October 4. The date for the election today was fixed upon by Judge Samuel G. Brent in the circuit court for this city following the presentation of a petition by Attorney James R. Caton filed on behalf of the chamber of commerce of Alexandria. The petition contains a total of 398 names of voters of the city. The law provides that ten per cent of the qualified voters in the last mayoralty election sign the petition and in the last election there are 234 voters on the qualified list.

Should the new plan carry in October an election will be held next June for the purpose of electing five councilmen at large and these councilmen will take the place of the present city council and mayor, doing away with the office of mayor and councilmen, numbering twenty-four, sixteen being members of the common council and eight being members of the board of aldermen. The new council will elect a chairman who will be ex-officio mayor but will not have the veto power of mayor. Should the plan prevail the new officers will take charge of the affairs of the city government September, 1922.

A few years ago the citizens voted on the city manager plan and it was defeated by only a few votes. Advocates of the new plan predict that it will go through this time by an overwhelming majority.

After the degree is conferred a social hour will be enjoyed and an excellent program has been arranged by the committee in charge.

TEXAS MOBS TAR TWO.

Nacogdoches, Texas, July 21.—J. W. McKnight, taken by masked men near Tenaha last night, was beaten and tar placed on his clothing, but not on his body. He was brought to his home here about daylight this morning by a brother. McKnight was not forced to submit to a surgical operation, as one report said.

Lufkin, Texas, July 21.—Ben Wiley, about 30 years old, was seized here last night by masked men, given a coat of tar and feathers and released from an automobile on a prominent corner as theater patrons were passing. Wiley ran through the business streets to his automobile and left hurriedly for his home at Dibeil.

Mrs. Martin and daughter of 1021 Princess street are visiting the former's brother and sister-in-law, Mr. and Mrs. Louis Edelin in Philadelphia and from there they will go to Atlantic City where they will spend the week-end.

Israel, the camp promotor, and head of the County Sunday School Association, secured Mr. Wallace to conduct the Bible Study hour daily. The subject of his course is "The Parables of Jesus." In addition to this Mr. Wallace has charge of the recreation hours and is today managing an inter-Sunday School Athletic meet there on the fair grounds.

WOMAN TELLS POLICE GHOSTS ARE FIGHTING IN CEMETERY.

Chicago, July 21.—Evanston police early today received a telephone call from an excited woman.

"It's ghosts," came the agonized cry over the wire. "There are two of them loose in Calvary Cemetery and they are fighting. We can't sleep for the rattling of the bones and our ouija board is running all over the house. Please come and stop them.'

Policeman Sullivan was sent, and while mustering his courage outside the cemetery gate was joined by I. L. Greer, a neighboring resident. The two approached the scene of the shadowy bout. Two figures were milling over the graves in combat terrible to see.

Then Sullivan suddenly stepped in caught one ghostly boxer by the coat collar and tripped the other with a quick twist of the foot. James Legro and M. W. Powell answered the policeman's roll call.

They said they had had an argument while riding home on the electric train, running nearby, and had selected the cemetery as a quiet spot to arrive at a conclusion of their argument.

HANGS SELF TO CROSS IN PARLOR OF HOME.

Superior, Wis., July 21.—The nude body of Arthur A. McDonald, 40, was found hanging from a blue and red cross in the parlor of his home here last night.

Two photographs of himself in his posture of death, taken Sunday morning, were found in the house.

McDonald often had invited neighbors into the house to see his cross, and the man seemed not at all disturbed when they peked into the windows to watch him taking the peculiar pictures.

A silken cord was drawn about the man's neck and into the wall.

That McDonald hoped to be 'the savior of the I. W. W.," was the statement today by Antone Anderson, his nearest friend. Anderson quotes McDonald as saying this a few days before his death.

Hundreds of people viewed the body before the coroner cut it down.

EMBEZZLEMENT AND CONSPIRACY CHARGED

Warrant Out For Gov.-Len Small of Illinois

ALSO FOR LIEUT. GOV.

Banker of Grant Park Accused—Trio Accused of Scheme to Defraud State of $2,000,000—Attor.-Gen. Explains

Springfield, Ill., July 21.—Warrants were issued tonight for Gov-Len Small, Lieutenant Governor Sterling and Vernon Curtis, a banker of Grant Park, following their indictments this afternoon on charges of embezzlement, conspiracy and confidence game through the alleged use of interest on State funds for their personal gain.

Four indictments were returned. They covered charges of fraud by the trio during the terms of Small and Sterling in the State Treasurer's office between 1917 and 1921.

The first indictment charged the Governor, Lieutenant Governor and Curtis jointly with embezzlement of $700,000. A separate indictment against Governor Small charged him with embezzlement of $500,000, while Lieutenant Governor Sterling was individually charged with embezzlement of $100,000. The fourth indictment charges the three with conspiracy and confidence game involving $2,000,000 interest on State funds.

Alleged illegal operations by the Governor, Lieutenant Governor and Curtis named in the indictments centered around deposits of State funds with the "Grant Park Bank," held by the grand jury to have been a fictitious institution since 1908, when it ceased to function.

Individual bonds on each indictment were fixed at $50,000. Governor Small will appear in court tomorrow morning, it was said, to arrange his bonds.

The "Grant Park Bank," established many years ago by Alonzo Curtis, father of Vernon Curtis and the late Senator, although having ceased to function several years prior to Small's term as Tresurer, was used by the alleged conspirators as the agency through which to make loans of State funds to Armour and Company and Swift and Company Chicago packers, according to the indictments. Although the packers' notes drew 7 and 8 per cent. interest, it is charged that less than 2 per cent. was turned into the State Treasury during the Small and Sterling terms.

Under the law in operation then the State Treasurer was required to obtain at least 2 per cent. on State funds, but according to Attorney Brundage, who pushed the investigation, the law did not permit the Treasurer to use for private gain any interest earnings in excess of 2 per cent.

State's Attorney Mortimer declined to indicate the scope of the testimony before the grand jury, saying it would be used in the court of trial.

Attorney General Brundage, political foe of Governor Small and prime mover behind the investigation, said:

"The constitution of Illinois says in plain language that the Treasurer shall receive for his services his salary and that he shall not receive for his own use any fees, perquisites or other compensation.

"When the new State Treasurer, Edward E. Miller, brought to my attention apparent confirmation of misuse of public moneys, I deemed it my duty to lay the entire matter before the State's Attorney for presentation to the grand jury.

"The action of the grand jury in returning indictments is the view it took of the sufficiency of this evidence."

Governor Small tonight issued a statement "to the people of Illinois," declaring his ignorance of every charge made and asserting the charges were the result of a conspiracy to accomplish his political assassination.

Tariff on Cotton.

It goes without saying that we are unalterably opposed to the tariff legislation now brewing in the Republican congress. The Democrats in the House, led by Garner of Texas, are making a gallant fight, but the steam roller will be greased and limbered up at the end and put in operation.

We especially note the proposed duty on long-staple cotton, which is the work of the lobby in the interest of the Arizona cotton growers. These planters are raising a cotton that competes with the Egyptian cotton; that is to say, it is of about the same length of staple, to-wit, from 1 1-8 to 1 1-4 inches. But the Sea Island cotton, raised on the Islands off the South Carolina coast, runs from 1 5-8 to 1 3-4 inches in length. This cotton has for more than a hundred years been known as the best cotton in the world; without rival or competition. It is of the finest fibre thus enabling a greater number to be twisted in the thread, and making it of the greatest possible strength. It is, too, of such quality that when mercerized, it resembles silk more nearly than any other fabric. During the war the British government used large quantities of Sea Island Cotton for aeroplane wings, and paying 75 cents per pound in New York. The boll weevil has reached the Sea Islands, however and the future of the industry is not encouraging. There are two kinds of Sea Island cotton, that grown on the islands off the coast of South Carolina, and that grown on the main land near the coast in both the Carolinas, Georgia and Florida. The Islands cotton is the genuine Sea Island cotton and far superior to the mainland cotton.

Most of the real article has found a market in Europe for the past hundred years. England has used it in her finer fabrics, but France has been the chief consumer, making as she does, cloth and laces of a quality that is almost beyond competition. The tariff will therefore affect the Sea Island cotton very little at present. The only other true Sea Island cotton in the world has been grown in the Dominican Republic during the past ten years from South Carolina Islands seed. The time will come when the United States will wish to manufacture the finest fabrics and if the present tariff is then in force it might prevent the development of the cotton manufacturing industry, since the genuine Sea Island cotton is bound to be developed to a very great extent in the West Indies. In fact we understand that American capital is even now contemplating the establishment of Sea Island cotton plantations in Haiti on a large scale.

The tariff as proposed, however, will protect the Arizona cotton growers mainly, and the remainder of the people of the United States will be compelled to pay more for their cotton goods, automobile tires, and other articles heretofore using Egyptian cotton.

EXODUS OF JAPANESE FOLLOWS WORK OF MOB.

Turlock, Calif., July 21.—A general exodus of Japanese field laborers and their families from this district is taking place today following the deportation to Keyes, five miles north, of 58 Japanese male workers by members of a union of fruit and melon pickers, the authorities announced. The union is composed principally of white itenerants.

Japenese here who witnessed the enforced departure of their countrymen complained to the police that they were roughly handled and in some instances were robbed. Japanese leaseholders were not disturbed

The authorities said the members of the mob, which numbered about 75, threatened to burn one Japanese hotel and two Japanese bunk houses in order to hasten the departure of their occupants.

The Japanese leaving today are going in all directions, but the greater number are headed for Stockton, Keyes and Modesto.

The police were notified that a number of Japanese taken to Keyes by the mob were placed on board a northbound freight train, which was flagged. The Japanese submitted in most instances without even a protest.

CITY NEWS IN BRIEF

Miss Dorothy Fletcher, of S. Payne street, is visiting relatives in Salisbury.

Mrs. Mary Budley and son, Lawrence left today for Philadelphia and New Jersey to be gone for the next ten days.

A regular meeting of Randolph Chapter, Knights of the Rose Croix and Lafayette Chapter, Knights Kadosh, will be held at the Masonic Temple tomorrow night.

There will be a band concert by the Citizen's Band at the Friends playgrounds Friday evening. Everybody is invited and it is hoped that a large crowd will avail themselves of this opportunity to hear some good music.

Three persons arrested by Policeman Magner, charged with failing to cut off the mufflers on their automobiles, were arranged in court today and acquitted with the understanding that they would discontinue the practice.

An open air Vesper service will be held at the chapel of the Good Shepherd, Franklin and Fairfax, on Friday at 7:30 o'clock. Popular hymns will be sung and Rev. P. F. Hall will give an address. Secretary Wallis of the Y. M. C. A., will show motion pictures after the service.

LANDIS ASSAILS FOES OF WAR VETERANS' BONUS.

Chicago, July 21.—Stating that what he said might be reason for impeachment, Federal Judge K. M. Landis, in an address before wounded soldiers at Fort Sheridan, denounced the foes of the soldiers bonus bill and asserted that if he were President he would "fire the whole outfit" at Washington who were "getting in one another's way trying to pass on the veterans' compensation proposition."

"As one man who stayed at home in peace and security while you fellows were fighting for our lives," said the Judge. "I am against stalling off this bonus proposition."

FLYING DUTCHMAN, 1921, IS REALLY A SPIRIT SHIP.

New York, July 21.—Asserting that a floating bar was being operated off Long Island, outside the three-mile limit, was made today by a Brooklyn newspaper.

According to that newspaper, a liquor-laden ship, dubbed the Flying Dutchman, has made a third visit to waters near Montauk Point, disposed of four thousand cases to craft that swarmed out from shore, and sailed back to the Bahamas. It was alleged that the liquor had been landed in New York and Connecticut shores, and that whatever might be said of the customers, the maritime bartender was within the law.

Federal officials professed ignorance of the visiting ship, which was said to fly an English flag.

ONE RIGHT TO THE JAW COSTS POLICEMAN JOB.

Chester, Pa., July 21.—Lawrence Locke, a negro policeman, was discharged from the force by Mayor Ramsey today, when he appeared in police court with a badly battered face, to answer to the charge of assault and battery upon William Benson, his next door neighbor. Benson is in the Chester Hospital with a stab wound in the chest, inflicted, it is alleged, by Florence Preston. Benson's condition is critical.

According to the police, Locke and the Preston woman were quarreling early this morning, and when Benson refused to act as referee at Locke's suggestion, Locke went on Ben's front porch and attempted to strike him with his blackjack. Benson floored the policeman with a stiff right hand punch to the jaw. At this stage of the fight the Preston woman is alleged to have stabbed Benson in the chest.

IDLE HOUR.

Priscilla Dean, the Universal screen star, is typically feminine. Having established herself as the leading exponent on the screen of spitfire and wildcat roles, playing animated whirlwinds and vital tempests with more convincing effect than any other actress in the films, she proves her contrariness by announcing it is her great ambition to do a slap-stick comedy wherein she can exercise her well known sense of humor to the utmost.

"Someday," recently remarked the pert Priscilla, who has just finished the filming of her latest feature, "Outside the Law," for Universal, under the direction of Tod Browning. "I am going to produce a slap-bang comedy all alone, for I know no company will have the nerve to make such a production. Having made a success in one sort of character one must pay the penalty by playing similar roles forever after. But I just long to revel in custard pies, overripe tomatoes and the resounding slap-stick. I have thought out more different falls than Carter has liver pills and more novel chases than candidates have made promises. I'd like nothing better than to sit in a theater and hear an audience roar at some of my antics.

"Yes, sir," concluded Miss Dean, "when I have reached a state of affluence where I can afford a long trip to Europe. I'll take that money and treat myself to an old fashioned comedy with little Priscilla as producer, author, director and star."

"Outside the Law" will be seen here at the Idle Hour theater on Saturday.

Kidney and Bladder Troubles HAVE TO GO

Clogged up Kidneys Deposits are Dissolved and the Toxins (Poisons) Completely Driven Out. Druggists Told to Guarantee it in Every Instance.

"Your very life," says Dr. Carey, "depends upon the perfect functioning and health of your kidneys so whatever you do don't neglect them."

Dr. Carey's famous prescription No. 777 known as Marshroot is not recommended for everything, but we cannot too strongly urge its use if you suffer from annoying bladder troubles, frequent passing of water night and day, with smarting or irritation, brick dust sediment or highly colored urine, floating irritability with loss of flesh, backache, rheumatism or any other tendency to Bright's Disease, Diabetis or Gravel, for kidney disease in its worst form may be stealing upon you.

Don't wait until to-morrow to begin the use of this wonderful prescription if you have any of the above symptoms, Kidney and Bladder troubles don't wear away. They will grow upon you slowly, stealthily and with unfailing certainty.

Never mind the failures of the past if you even suspect that you are subject to Kidney Disease, don't lose a single day for—every good druggist has been authorized to return the purchase money on the first two bottles to all who state they have received no benefit.

ASTOUNDING DIETS.

The Dyaks of Borneo eat snakes.

Arabs are particularly fond of the camel's hump.

Roasted spiders are considered a delicacy by the New Caledonians.

Natives of Cochin China prefer spoiled eggs to fresh ones.

Certain South African tribes are especially fond of lizards and baked centipedes.

Soup made of fried wasps is much relished in Chinese provinces.

A huge white worm, found in the heart of the cabbage palm, is considered a great delicacy by Jamaican negro natives.

In China the flesh of dogs is highly prized. A black dog is preferable to one of any other color.

Cannibals of the South Sea Islands still eat human flesh although the civilized nations that hold dominion over the islands forbid the practice. Enemy dead and never friends or members of the tribe holding the feast, furnish the food for the cannibal feast.

A Bornec native tribe eats alligators and monkey flesh. The monkeys are served without removing the hair or skin.

FIRST BAPTIST 9; M. E. SOUTH 7.

In a fast and interesting game in the Sunday School League yesterday the First Baptist team with the score standing 6 to 3 against them in the sixth inning tied it up and then won out in the seventh by scoring three runs off Allen, who relieved Morrison as pitcher. Morrison started for the Methodists and pitched good ball up to the fifth, only one hit being made off of him, a two bagger by Trenary, but he weakened a little in the fifth, and in the sixth Allen went in after the Baptists had tied the score. Pots led with the stick, his three bagger in the sixth being the hardest hit ball of the game, bringing in two runs. Trenary pitched well for the Baptists, allowing only five hits well scattered throughout the game. Entwisle and McDonald umpired the game.

CAPITAL STOCK TAX.

To the Editor of Gazette:

The following statement has been issued by Hon. J. C. Noel, Collector of Internal Revenue, Richmond, Va.

"July 31st is the last day for filing returns on Capital Stock Tax. To avoid penalty, returns must be in this office before the night of July 31st. Forms for reporting this tax may be procured from this office or the following branch offices: Alexandria, Norfolk, Petersburg, Roanoke, Lynchburg, Martinsville, Danville and Newport News.

Form 707 is required for domestic corporations and Form 708 for foreign corporations.

The capital stock tax is a special excise tax imposed on corporations with respect to 'carrying on or doing business.' The tax on domestic corporations is $1 for each $1,000 or so much of the fair average value of its capital stock for the preceding year ending June 30 as is in excess of $5,000. Foreign corporations are required to pay a tax at the rate of $1 for each $1,000 of their capital employed in the transaction of business in the United States without the benefit of the $5,000 deduction. The tax is payable in advance, returns filed in July of this year, covering the taxable year beginning July 1, 1921, and ending June 30, 1922.

The Bureau of Internal Revenue estimates that approximately 325,000, such returns will be filed, and that the amount of revenue collected from this source will be approximately $90,000,000.

Returns are required of every domestic corporation regardless of the par value of its capital stock, and of every foreign corporation irrespective of the amount of capital employed in this country in the transaction of its business. Certain corporations not organized for profit are exempt from capital stock tax. The class of organizations entitled to the exemption is described in regulations 50, revised, copies of which may be obtained at the office shown above.

Corporations claiming exemption are required to file returns setting forth their reasons for such claims, accompanied by evidence in support thereof.

If, because of lack of complete data or other reasons than illness or absence, it is impossible to file a complete return on or before July 31st, a tentative return may be filed, reporting the approximate fair value in order that an initial assessment may be made, thus avoiding penalty.

The penalty for failure to file a return within the time prescribed is an added assessment of 25 per cent. of the amount due, unless it is shown that the failure was due to reasonable cause and not to neglect.

In addition to the added assessment a fine of not more than $1,000 is provided for failure to make a return on time. For wilful refusal to make a return, wilful evasion of the tax, wilful refusal to supply information requested by the commissioner, or attempting in any way to evade the tax and payment when due, the penalty is a fine of not more than one year, or both.

With a view to the prompt collection of the capital stock tax, and for the convenience of the taxpayer as well as the government, the bureau suggests that corporations submit checks with the returns for the amount of tax due. This method is appealing to corporations as it lessens liability to penalty.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you life it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn or corn between the toes, and the calluses, without soreness or irritation.

Quick, clean heat for every kind of cooking

It is hard to appreciate the convenience and satisfaction of cooking with the New Perfection until you have actually done so.

It's a relief, especially in warm weather, to be rid of carrying coal, wood and ashes, sweeping up litter and blacking the stove. And then you don't have to "rush the fire" on baking days and heat up the kitchen. Two burners on the New Perfection will give you all the heat needed for any kind of baking. You can regulate the heat produced by each burner, warm something gently on one and roast over another in a New Perfection oven.

The long blue chimney of the New Perfection supplies just the right draught to drive the heat of the white-tipped flame forcibly against all the cooking utensils. The white-tipped flame produces the most heat and does not soot up your kettles and pans.

The New Perfection is simple, practical, economical. Supplies heat instantly, and when you are through just shut it off and save your fuel. You don't have to watch it. No adjustments to take care of. A boy or girl can fill it and clean it.

For the most satisfactory results use Aladdin Security Oil regularly. You always find it clean and efficient.

New Perfection Oil Cook Stoves are sold at most hardware, furniture and department stores.

CONSTANCE GETS A WEDDING CAKE.

Not long ago when Constance Talmadge returned home from her day's work at the studios, she found a giant cake nearly four feet high and made in the shape of a bell, on her dining room table.

The big bell cake was a gift of the Constance Talmadge studio staff, where "Wedding Bells," the latest starring vehicle released by Associated First National Pictures incorporated, was made. This feature will be the attraction at the Richmond theater Friday and Saturday.

The gift followed a private screening of this feature for a number of the studio staff. Practically every person in the projection room voted this Miss Talmadge's most delightful picture, and the suggestion was made to make her a present of the big wedding bell cake.

The entire Talmadge family ate cake for more days than Noah was cooped up in the ark.

TOO ILL TO WORK

A Mother Tells How Her Daughter Was Made Well Again by Lydia E. Pinkham's Vegetable Compound

Philadelphia, Pa.—"At the age of sixteen my daughter was having trouble every month. She had bad pains across her back and in her sides, her back would pain her so that she could not do her work and would have to lie down. My married daughter recommended Lydia E. Pinkham's Vegetable Compound. She took it faithfully and is now regular and has no pain. We recommend the Vegetable Compound and give you permission to publish this letter."—Mrs. KATIE EICHER, 4034 N. Fairhill St., Philadelphia, Pa.

Standing all day, or sitting in cramped positions and often with wet feet, young girls contract deranged conditions, and before they are hardly aware of it they develop headaches, backache, irregularities, nervousness and bearing-down pains, all of which are symptoms of woman's ills. If every mother who has a daughter suffering from such symptoms would profit by the experience of Mrs. Eicher and give Lydia E. Pinkham's Vegetable Compound a fair trial she may expect the same happy result.

Trinkle's Views

Richmond, Va., July 21.—Senator E. Lee Trinkle sharply answered some charges and insinuations of his opponent, in the Senator's recent address to an enthusiastic audience that packed the John Marshall High School building, with hundreds turned away, in what was his last public appearance in Richmond before the primary. He brought his audience up to the highest pitch of enthusiasm and sent them home with firm conviction that his campaign methods were such as would be becoming the man who will fill the place of honor to which he aspires.

Leading up to some of the charges of his opponent and answering both charges and insinuations, the Senator said, "My opponent makes a very serious charge against me, saying frequently and in many places, that I am a candidate without a platform, I would remind the eminent statesman from the valley that, platforms are the work of parties, not militant Democrats opposing each other for honors in the same party primary." He says that he has two platforms.

"Back to the Constitution" and "Progress under the Constitution." I, too, have two platforms, two of the greatest platforms ever written in the English language; mine are the State Democratic platform and the National platform of the Democratic party."

"Back to the Constitution" the original platform of my opponent, according to his own admission, was offered to the Democratic party at Roanoke as a platform for the party, and flatly rejected by the body," I shall not undertake to analyze his most recent definition of that much quoted phrase. He seems to be having enough trouble with it but I will ask you then, which of us is a true candidate of the Democratic party, the one who uses a self-styled platform, or the one who finds the platform of the party good enough?"

"All I have to say in answer to certain things have been said about repeal of Jim Crow laws, mixed schools, Federal control of State fisheries, etc.; is that I can not conceive of a man of the Southland who is white with red blood in his veins, who could be so rotten-low down that he would not fight them to the last ditch." "I do not have to ask you to make me your Governor in order to resist such infamous legislation, and I promise you that should the most unexpected happen, and I am not your Governor, I would still resist it with all of my strength."

"Great pressure has been brought to bear upon me, seeking to force me to answer sharply, the severe criticisms, the wilful mis-statements of fact, the misappropriations of my statements, the false accusations made against me and the slanderous insinuations thrust out to defeat me and my friends have almost demanded that I answer these things in the language in which they were thrust and I know that you have come here expecting such answers, but I will have to forego all the pleasure that a lawyer at the bar would relish and confine myself to the same policies which have carried into all other parts of Virginia which I have visited. I have personally carried my fight through six months of strenuous campaigning and studiously refrained from anything personal, never mentioning in a single place, the name of my opponent in any manner but the most complimentary, notwithstanding hostile newspapers reports to the contrary and through twenty years service to my party, these have been fixed principles with me, they are dearer than the honor of the office to which I aspire, they are dearer than the Governorship of the greatest commonwealth in the land, and if I must sacrifice them now to win that honor, I prefer to lose the Governorship; but, happily for me, I do not expect to sacrifice the one or loss the other."

Such deliberate falsehoods as are used against me in this fight, such juggling of facts as are indulged in by enemy papers and opponents in the party primaries, and especially by my opponent, are scars that the party pays for.

Senator Trinkle reiterated his position on the laws governing the highways, the schools, the tax question and the proposed bond issue and left a clear-cut and definitely fixed conviction that Virginia is a business institution and needs the best of business management.

He was introduced by the Hon. Henry R. Pollard, who spoke for fifteen minutes in behalf of the Wythe candidate, and gave many reasons why he should and would be the next Governor of Virginia. Oliver J Sands, Richmond banker and one of the South's leading financiers presided and made a splendid statement of the needs of business reconstruction and of a real business administration for Virginia.
